Mr. Michael J. Duenas Executive Director Guam Housing and Urban Renewal Authority 117 Bien Venida Avenue Sinajana, Guam 96910

Dear Mr. Duenas:

SUBJECT: Guam Housing and Urban Renewal Authority – GQ001 Five-Year and Annual Plan for Fiscal Year Beginning October 1, 2014

This letter is notification that the Guam Housing and Urban Renewal Authority's (GHURA) Five-Year and Annual Plan for Fiscal Year Beginning October 1, 2014, is approved. The approval of the Five-Year and Annual Plan does not constitute an endorsement of the strategies and policies outlined in the Plan. In providing assistance to families under the programs covered under this Plan, the Guam Housing and Urban Renewal Authority will comply with the rules, standards and policies established in its Plan, as provided in the 24 Code of Federal Regulations Part 903 and other applicable regulations.

The approved Five-Year and Annual Plan and all required attachments and documents must be made available for review and inspection at GHURA's Main Office and its six satellite offices during normal business hours. In previous years, HUD has posted an electronic version of GHURA's approved Plan on the PHA Plans Web page. This is to advise that the PHA Plans Web page is not available to post the approved Plans. The Plan for Fiscal Year Beginning October 1, 2014 is to be available at your office until the next submission of the Annual Plan or unless HUD approves a significant amendment or modification requested by you during the fiscal year.

If you have any questions regarding the Annual Plan or the information contained in this letter, please contact Darlene Kaholokula, Public Housing Revitalization Specialist, by email at darlene.l.kaholokula@hud.gov or at (808) 457-4670.

SUBJECT:

Guam's FY2014 PHA 5-Year Plan

Hafa Adai Mr. Wu:

The Guam Housing and Urban Renewal Authority (GHURA) is pleased to submit the Guam's PHA 5-Year Plan. The following items are provided now for your review.

- Form HUD-50075, Standard PHA 5-Year Plan and Annual Plan
- Form HUD-50075.1 FFY 2014 Annual Statement
- Capital Fund Five-Year Action Plan
- Annual Statements Parts I and II
- Form HUD-50077, Certification of Compliance
- Form HUD-50077-SL, Consistency with the Consolidated Plan
- Form HUD-50070, Certification for a Drug-Free Workplace
- Form HUD-50071, Payments to Influence Federal Transactions
- Form SF-LLL, Disclosure of Lobbying Activities
- Section 504 Compliance Report

In addition, GHURA will forward the following companion documents upon receipt of the finalized reports.

- Green Physical Needs Assessment
- Energy Audit

Our consultant had express posted these documents and they should arrive shortly.

GHURA conducted a 45-day public comment period which began on 22 April 2014. In addition to thrice publicizing in a local newspaper of general circulation, the Plan was distributed through GHURA's main office location and 6 satellite sites (including the 4 Asset Site-Based Management Properties throughout the island) and via the Authority's website at www.ghura.org. No comments from the general public were received. Several requests for clarification and minor correction were received from staff and management.

I can be reached at miduenas@ghura.org or 671.475.1378 at any time, should you wish to discuss.

Goals and Objectives. Identify the PHA's quantifiable goals and objectives that will enable the PHA to serve the needs of low-income and very low-income, and extremely low-income families for the next five years. Include a report on the progress the PHA has made in meeting the goals and objectives described in the previous 5-Year Plan.

Synopsis:

To serve the particular needs of low-, very-low, and extremely-low income families, GHURA will engage in:

- Activities to sustain the existing affordable housing stock
 - Through maintenance, repair, and renovation
 - Through participation in the Rental Assistance Demonstration Program (RAD)
- Activities to increase the stock of affordable housing
- The identification and engagement in neighborhood revitalization and stabilization activities, to
 - Address the physical condition of challenged properties and
 - Improve the socio-economic conditions of neighborhood residents

Goals:

- Increase the availability of decent, safe, and affordable housing and provide more choices in housing
 - Apply for available funding to Housing Programs
 - Maintain compliance with new criteria and requirements of the PHAS (Public Housing Assessment System) and SEMAP (the Section 8 Management Assessment Program)
 - Pursue renovation and rehabilitation of Public Housing through the use of the Capital Fund Program
 - Pursue alternative funding for renovation and rehabilitation of Public Housing
 - Low Income Housing Tax Credit
 - Rental Assistance Demonstration Program
 - Continue to administer the Housing Choice Voucher (HCV) Program
 - Support voucher mobility
 - Provide outreach and education to potential landlords
 - Implement the Section 8 Homeownership Program
 - Conduct outreach to encourage participation in the Family Self Sufficiency Program
 - Continue support of the Veterans Administration Supportive Housing (VASH) program
 - Continue partnership in the Family Unification Program (FUP) with the Dept. of Public Health and Social Services
 - Continue support of the Mainstream Program
- Improve community quality of life and economic vitality
 - Apply for available funding to Housing Programs
 - Maintain compliance with new criteria and requirements of the PHAS (Public Housing Assessment System) and SEMAP (the Section 8 Management Assessment Program)
 Administer four Asset Management Property (AMP) sites
 - - i. Evaluate overall AMP site performance and the sustainability of current subsidy levels
 - Assess measures and opportunities to de-concentrate poverty and promote mixed-income communities d.
 - Increase security to PHA properties, with a focus on improving AMP site security
 - Engage law enforcement in partnership to increase security to resident housing areas.
 - Increase site security overall through greater use of technology and perimeter security measures.
 - Promote self-sufficiency and asset development of families and individuals
 - Pursue sustained funding for the HCV Family Self-Sufficiency (FSS) Program, pursue new funding to secure FSS Program activities to Public Housing tenants, to sustain the PH ROSS (Rental Opportunities and Self-Sufficiency) Service Coordinator for elderly residents, and to sustain the Multi-family Service Coordinator services to the elderly residents of Guma' Trankilidat
 - Promote employment opportunities for eligible and qualified residents under Section 3 of the HUD Act of 1968 and the Violence Against Women and Justice Department Reauthorization Act of 2005
 - Seek, support, and collaborate with the Guam Workforce Investment Board and other local organizations to promote employment options for eligible residents
- Alleviate the extensive wait list of HCV/S8 program applicants by implementing the conversion of the tenant selection process to a lottery mechanism.
- Ensure equal opportunity in housing for families living in assisted housing
 - Engage site management in continuing education on issues of equal housing opportunity and affirmatively furthering fair
- Serve the needs of child and adult victims of domestic violence, dating violence, sexual assault, or stalking
 - Continue implementation of applicable provisions of the Violence Against Women Act (VAWA)

PHA Plan Update

- (a) Identify all PHA Plan elements that have been revised by the PHA since its last Annual Plan submission:
- 1. Approval of Fiscal Year 2014 Operating and Administrative Budget for the HCV Program
- Approval of Fiscal Year 2014 Operating Budgets for Public Housing Asset Management Project sites all Central, Southeast, Southwest, and Northern. (GQ-000001, GQ-000002, GQ-000003, and GQ-000004)
- 3. Green Physical Needs Assessment
- 4. Section 504 Assessment
- 5. Capital Fund 5-Year Plan (FFY 2014-2018)
- 6. Statement Defining Significant Amendment/Modification to the Capital Fund Program
- 7. HCVP Section 8 Admin Plan
 - (April 2013) The GHURA Board of Commissioners approved changes designed to minimize the impact of the 2013 budget sequestration. Such changes included:
 - i. An amendment was added to change the occupancy standards to include 24 CFR 982.401(C)(d)(2)(ii), which states that a living room may be used as a sleeping space, but no more than two persons may occupy the space. The reason for the change is to minimize the impact of sequestration by decreasing the assistance amount per family as opposed to terminating families due to budget constraints.
 - ii. An amendment was added to change the requirement of a physical inspection of HQS deficiencies of failed units to allow GHURA to accept documentation such as receipts, photos, and certified statements from landlords via email, or fax that cited deficiencies have been corrected under failed HQS units. The amendment states that if the documentation as cited does not satisfy the requirement, the inspector may at his/her discretion require a physical reinspection to verify that the deficiencies have been corrected.
 - iii. An amendment was added to include language that would allow GHURA the option to deny incoming portability due to the agency's inability to manage additional caseloads due to insufficient funding.
 - iv. An amendment was added to deny the addition of other "adult" members to the household during the term of the contract. Additions can only be made during annual re-examination.

8. Flat Rent Significant Amendment

The GUAM HOUSING AND URBAN RENEWAL AUTHORITY (GHURA) hereby amends its flat rent policies to comply with the statutory changes contained within, Public Law 113 – 76, the Fiscal Year 2014 Appropriation Act.

The GHURA will set the flat rental amount for each public housing unit that complies with the requirement that all flat rents be set at no less than 80 percent of the applicable Fair Market Rent (FMR) adjusted, if necessary, to account for reasonable utilities costs. The new flat rental amount will apply to all new program admissions effective June 1, 2014. For current program participants that pay the flat rental amount, the new flat rental amount will be offered, as well as the income-based rental amount, at the next annual rental option.

The GHURA will place a cap on any increase in a family's rental payment that exceeds 35 percent, and is a result of changes to the flat rental amount as follows:

- a. Multiply the existing flat rental payment by 1.35 and compare that to the updated flat rental amount
- b. The PHA will present two rent options to the family as follows:
 - i. The lower of the product of the calculation and the updated flat rental amount; or
 - ii. The income-based rent.
- (b) Identify the specific location(s) where the public may obtain copies of the 5-Year and Annual PHA Plan. For a complete list of PHA Plan elements, see Section 6.0 of the instructions.

The 5-Year and Annual PHA Plan were made available to the public at GHURA's Main Office and at each of six satellite offices (including all four Asset Management Project sites), the Guma' Trankilidat site office, and the Community Planning and Development offices in Hagatna. The specific office locations are listed here. In addition, the 5-Year and Annual Plan is available via the GHURA website shown at the bottom of the list.

Hope VI, Mixed Finance Modernization or Development, Demolition and/or Disposition, Conversion of Public Housing, Homeownership Programs, and Project-based Vouchers. Include statements related to these programs as applicable. Hope VI, Mixed Finance Modernization or Development, GHURA is not currently engaged in HOPE VI, Mixed Finance Modernization or Development Demolition and/or Disposition, Conversion of Public Housing The HUD Rental Assistance Demonstration (RAD) Program is under continuing review by GHURA. GHURA's aim is to determine its applicability and benefit to the island's inventory of Public Housing. Participation in the RAD Program would see the conversion of Public Housing properties to a HCV/S8 project-based voucher assistance program. The RAD Program is a key component of the HUD Office of Public and Indian Housing's rental housing preservation strategy, working to preserve the nation's stock of deeply affordable rental housing, and to promote efficiency within and among HUD programs to build strong, stable communities. Homeownership Programs GHURA HCV Program does have in its construct a HCV Section 8 Homeownership Program. Implemented since 2004, the program affords participants the opportunity to build skills and financial resources to support homeownership. The program is administered through the operations of HCV Family Self-Sufficiency. GHURA intends to expand its Family Self Sufficiency program in support of 7.0 homeownership by applying Project-based Vouchers GHURA administers the Guma' Trankilidat facility and program serving 49 elderly or adult-disabled residents. The program operates in accordance with the HUD Office of Multifamily Housing Programs and U.S. Dept. of Agriculture (USDA) Office of Rural Development (RD). GHURA acquired Guma' Trankilidat through a Section 515 Program Loan from USDA. GHURA will pursue the conversion of tenant-based vouchers to project-based vouchers in support of affordable housing developments awarded through the Low-Income Housing Tax Credit (LIHTC) program. No more than twenty percent (20%) of the total number of GHURA's tenant-based voucher authorizations may be converted. Project-basing is consistent with the goals of the PHA Plan, specifically, to "Increase the availability of decent, safe, and affordable housing and provide more choices in housing". GHURA will monitor and assess current and future LIHTC-awarded developments seeking HCV project-based voucher awards. Such developments will be evaluated in accordance with approved policies and plans. Reasonableness and necessity will be evaluated when reviewing the potential of utilizing project-based vouchers to increase availability of affordable housing to eligible and qualified island residents. 8.0 Capital Improvements. Please complete Parts 8.1 through 8.3, as applicable. Capital Fund Program Annual Statement/Performance and Evaluation Report. As part of the PHA 5-Year and Annual Plan, annually complete and submit the Capital Fund Program Annual Statement/Performance and Evaluation Report, form HUD-50075.1, for each current and open CFP grant and CFFP financing. 8.1 HUD-50075.1 forms are attached here for Capital Fund Program grant numbers GQ08P00150114, GQ08P00150113, and GQ08P00150112. Capital Fund Program Five-Year Action Plan. As part of the submission of the Annual Plan, PHAs must complete and submit the Capital Fund Program Five-Year Action Plan. form HUD-50075.2, and subsequent annual updates (on a rolling basis, e.g., drop current year, and add latest year 8.2 for a five year period). Large capital items must be included in the Five-Year Action Plan. Guam's Capital Fund Program Five-Year Action Plan beginning with GQ08P00150114 is attached. Capital Fund Financing Program (CFFP). Check if the PHA proposes to use any portion of its Capital Fund Program (CFP)/Replacement Housing Factor (RHF) to repay debt incurred to 8.3 finance capital improvements. Not applicable to GHURA.

Housing Needs. Based on information provided by the applicable Consolidated Plan, information provided by HUD, and other generally available data, make a reasonable effort to identify the housing needs of the low-income, very low-income, and extremely low-income families who reside in the jurisdiction served by the PHA, including elderly families, families with disabilities, and households of various races and ethnic groups, and other families who are on the public housing and Section 8 tenant-based assistance waiting lists. The identification of housing needs must address issues of affordability, supply, quality, accessibility, size of units, and location.

Guam seeks to increase the supply of affordable housing for individuals, families, and elderly persons at or below 80% of HUD's Area Median Income (AMI) level for Guam. Individuals at the extremely-low, very-low, and low-income levels represent the target market for affordable housing initiatives and those availing themselves of public housing and tenant-based voucher opportunities.

GHURA must consider ways to sustain quality homes now and in years to come beyond the economic life of the existing stock. The average age of GHURA's Public Housing stock is 30 years. The reasonable economic lifespan of a typical concrete home is approximately 50 years. Given a harsh tropical climate, the aging stock is not just a concern for GHURA's affordable units, but is also impacting the continued viability of other government-sponsored affordable housing. An aging stock calls to mind accessibility modifications, improvements in materials and industry innovation (design, energy efficiency, et al.) since initial development.

Guam's aging population brings to bear the need for an increased in efforts to address affordable housing options for elderly individuals seeking independent living suitable for their needs.

Occupancy levels for Public Housing is consistently high. The HCV/S8 program maintains an equally high rate of voucher issuance, limited only by the dollars authorized. Wait list figures consistently and vigorously outpace the number of available units for nearly every site.

GHURA continues to analyze and assess data from the 2010 Guam Decennial Census. The Census provides the most comprehensive source of statistical data on housing and population. Guam is in the final year of its current Consolidated Plan/5-Year Strategic Plan (PY2010-2014). The next five-year Consolidated Plan (ConPlan) is in early development now, due mid-year 2015 for submission to HUD for review and approval. GHURA is the lead entity responsible for coordination and oversight of the ConPlan development process.

Strategy for Addressing Housing Needs. Provide a brief description of the PHA's strategy for addressing the housing needs of families in the jurisdiction and on the waiting list in the upcoming year. Note: Small, Section 8 only, and High Performing PHAs complete only for Annual Plan submission with the 5-Year Plan.

To address the need to sustain the available housing stock, GHURA will assess the merits of the Rental Assistance Demonstration (RAD) program for renovation or possible redevelopment of Public Housing. GHURA will work to maximize the number of affordable units available to the PHA (1) shortening the turnover time for vacated units, (2) reducing the time needed to renovate public housing units, (3) maintaining (at a minimum), or actually increasing the HCV lease-up rate by marketing programs to owners as potential

To address the need to increase the available supply of affordable housing. GHURA leverages its limited federal funds with those of other organizations (govt., private, NGOs). GHURA is the designated State Housing Agency (SHA) for Guam in the administration of the Low-Income Housing Tax Credit (LIHTC) Program as authorized under Section 42 of the U.S. Internal Revenue Service. The LIHTC is a source of federal tax credits issues to qualified developers of affordable rental housing. In the most recent competition cycle, additional points were awarded for projects designed to address the need for affordable housing for the elderly. GHURA continually seeks out opportunities to increase the number of affordable housing units through application for additional HCV/S8 program vouchers, the support of organizations in the application of competitive HUD-VASH (Veterans Affairs Supportive Housing) Vouchers, and to work with NGO's to support the provision of permanent supportive housing to the individuals with disabilities and the homeless.

The current number of authorized HCV/S8 vouchers totals 2515 and is inclusive of both Mainstream and HUD-VASH vouchers. Concurrently, the HCV/S8 program wait list consistently approaches twice (2x) the total number of vouchers available for eligible and qualified applicants. The annual turnover rate is an estimated five percent, or nearly 150 vouchers. GHURA believes that there persists an unreasonable expectation of timely assistance that is the result of this disparity between actual available vouchers and those in need of voucher assistance. As a result, GHURA will pursue changes to wait list management, including the conversion of the process to a lottery mechanism.

Programmatically, GHURA will review the current preferences for its programs and determine if such targets are still needed. Should targets be no longer needed, or if preferences be added or revised, steps will be taken to update necessary documents, including the Authority's ACOP (Admission and Continued Occupancy Plan), the HCV/S8 Administrative Plan, and Tenant Selection Plan.

Additional Information. Describe the following, as well as any additional information HUD has requested.

(a) Progress in Meeting Mission and Goals. Provide a brief statement of the PHA's progress in meeting the mission and goals described in the 5-Year Plan.

With the long-term preservation of affordable housing as the goal, the GHURA Board of Commissioners directed management to actively pursue participation in the RAD Program for Guam. The Board of Commissioners recognizes the questions of trends in future public housing funding, property management industry best practices, mixed financing options, etc. Management will complete the implementation assessment process with consideration of cost-benefit analyses, local and federal legal issues, sociological impacts to tenants and communities, within reasonable and achievable timelines. The deadline to complete the assessment process for implementing policy for the conversion to RAD is 2014 in order for GHURA to begin the conversion process by 2015.

(b) Significant Amendment and Substantial Deviation/Modification. Provide the PHA's definition of "significant amendment" and "substantial deviation/modification"

GHURA considers a Significant Amendment and Substantial Deviation/Modification to the Plan as a discretionary change in the plan or policy of the Authority that fundamentally alters the mission, goals, objectives or plans of the Authority. Any significant amendment or substantial deviation/modification will require the Authority to submit a revised PHA 5-year plan that has met full hearing process requirements and the formal approval of the GHURA Board of Commissioners. The Authority defines significant amendment and substantial deviation/modification as:

- Any change in the planned or actual use of federal funds for activities that would prohibit or redirect the Authority's mission, goals, and objectives
- A need to respond immediately to Acts of God beyond the control of the Authority, such as earthquakes, civil unrest, or other unforeseen significant events
- A mandate from Guam government officials, specifically the governing Board of Commissioners of the Authority, to modify, revise, or delete the long-range goals and objectives in the program
- A substantial deviation does not include any changes in HUD rules and regulations, which require or prohibit changes to activities listed in the PHA
- A Significant Amendment or Substantial Deviation/Modification to the PHA Five-Year and Annual Plan is defined as:
 Changes of a significant nature to the rent or admissions policies, or the organization of the waiting list not required by
 federal regulatory requirements as to effect a change in the Public Housing Admissions and Continued Occupancy Policy
 (ACOP) and the HCV/Section 8 Housing Choice Voucher Program Administrative Plan

(i) Form HUD-50075.2, Capital Fund Program Five-Year Action Plan (PHAs receiving CFP grants only)

(f) Resident Advisory Board (RAB) comments. The realignment of Public Housing to asset management resulted in the discontinuance of the RAB. GHURA Property Site Management continues to outreach to residents of each property site to seek and encourage resident participation. These efforts to date have been largely unrewarded. GHURA will assess its current outreach efforts and will continue to pursue and encourage resident participation.

(g) Challenged Elements.

1. Chronic underfunding and the effects of sequestration

 Aging infrastructure. Most of GHURA's PH inventory is over 30 years old. While routine maintenance has been effective in keeping the units viable, overall, an older housing stock requires increased funding to mitigate the effects of time and years of wear and tear on the units, common facilities, and underlying supportive infrastructure.

Regulatory constraints

4. Demand for better services, more services

- 5. Lack of reliable public transportation. Guam is a community built upon personal private transportation. Yet many in our community are without this basic need. The availability of public transportation is limited in routes and impacted by an aged fleet of vehicles. Transportation is a significant deciding factor in choosing among housing options. This is particularly true when considering access to the job market.
- Limited job training and employment opportunities. Employment is elemental to any discussion of self-sufficiency and improvement to the quality of life. Guam is a community in continuing recovery from a protracted economic downturn.

In the face of these challenges, GHURA then focuses on nine key areas:

- 1. Preservation of public housing stock and the overall stock of affordable housing
- Pursuit of the development of new mixed-use/mixed-income housing opportunities

3. Ensuring financial stability in all programs

4. Timely expedition of maintenance and repair needs

Strengthening the skills of the Property Site Managers to improve the Asset Management Properties

6. Improving safety and security for PH residents and PHA properties

Connect residents to critical services available within our communities

8. Improving customer service throughout GHURA

9. Creation of a high-performing PHA in GHURA

GHURA

Guam Housing and Urban Renewal Authority Aturidat Ginima' Yan Rinueban Siudat Guahan 117 Bien Venida Avenue, Sinajana, GU 96910 Phone: (671) 477-9851 · Fax: (671) 300-7565 · TTY: (671) 472-3701

STATEMENT DEFINING SIGNIFICANT AMENDMENT/MODIFICATION TO CAPITAL FUND PROGRAM

GHURA considers a "significant amendment or modification" to the Capital Fund Program (CFP) 5-Year Action Plan as a discretionary change in the plan or policy of the Authority that fundamentally alters the mission, goals, objectives or plans of the Authority. Any significant amendment or modification will require the Authority to submit a revised CFP 5-Year Plan that has met full hearing process requirements and the formal approval of the Board of Commissioners. Specifically the following will be considered to constitute a significant amendment or modification:

- Any change in the planned or actual use of federal funds for activities that would prohibit or redirect the Authority's mission, goals and objectives.
- A need to respond immediately to Acts of God beyond the control of the Authority, such as earthquakes, civil unrest, or other unforeseen significant events.
- Mandates from Local government officials, specifically the governing board of the Authority, to modify, revise, or delete the long-range goals and objectives of the program.
- Additions of non-emergency work items (items not included in the current CFP Annual Statement or 5-Year Action Plan)
- Any change with regard to demolition or disposition, designation, homeownership programs or conversion activities.
- A substantial deviation does not include any changes in HUD rules and regulations, which require or prohibit changes to activities listed herein.

An exception to this definition will be made for any of the above that are adopted to reflect changes in HUD regulatory requirements. HUD will not consider such changes as significant amendments.

GHURA is considering participation in the Rental Assistance Demonstration (RAD) Program. The demonstration is a conversion of public housing units to project based rental assistance or project based vouchers. This constitutes a "significant amendment" to our 2013 Annual PHA Plan.

No other items in the original plan submitted and approved by HUD have been changed.

PHA Certifications of Compliance with the PHA Plans and Related Regulations: Board Resolution to Accompany the PHA 5-Year and Annual PHA Plan

Acting on behalf of the Board of Commissioners of the Public Housing Agency (PHA) listed below, as its Chairman or other authorized PHA official if there is no Board of Commissioners, I approve the submission of the $\frac{X}{2}$ 5-Year and/or $\frac{X}{2}$ Annual PHA Plan for the PHA fiscal year beginning, hereinafter referred to as" the Plan", of which this document is a part and make the following certifications and agreements with the Department of Housing and Urban Development (HUD) in connection with the submission of the Plan and implementation thereof:

- 1. The Plan is consistent with the applicable comprehensive housing affordability strategy (or any plan incorporating such strategy) for the jurisdiction in which the PHA is located.
- 2. The Plan contains a certification by the appropriate State or local officials that the Plan is consistent with the applicable Consolidated Plan, which includes a certification that requires the preparation of an Analysis of Impediments to Fair Housing Choice, for the PHA's jurisdiction and a description of the manner in which the PHA Plan is consistent with the applicable Consolidated Plan.
- 3. The PHA certifies that there has been no change, significant or otherwise, to the Capital Fund Program/Replacement Housing Factor) Annual Statement(s), since submission of its last approved Annual Plan. The Capital Fund Program Annual Statement/Annual Statement/Performance and Evaluation Report must be submitted annually even if there is no change.
- 4. The PHA has established a Resident Advisory Board or Boards, the membership of which represents the residents assisted by the PHA, consulted with this Board or Boards in developing the Plan, and considered the recommendations of the Board or Boards (24 CFR 903.13). The PHA has included in the Plan submission a copy of the recommendations made by the Resident Advisory Board or Boards and a description of the manner in which the Plan addresses these recommendations.
- 5. The PHA made the proposed Plan and all information relevant to the public hearing available for public inspection at least 45 days before the hearing, published a notice that a hearing would be held and conducted a hearing to discuss the Plan and invited public comment.
- 6. The PHA certifies that it will carry out the Plan in conformity with Title VI of the Civil Rights Act of 1964, the Fair Housing Act, section 504 of the Rehabilitation Act of 1973, and title II of the Americans with Disabilities Act of 1990.
- 7. The PHA will affirmatively further fair housing by examining their programs or proposed programs, identify any impediments to fair housing choice within those programs, address those impediments in a reasonable fashion in view of the resources available and work with local jurisdictions to implement any of the jurisdiction's initiatives to affirmatively further fair housing that require the PHA's involvement and maintain records reflecting these analyses and actions.
- 8. For PHA Plan that includes a policy for site based waiting lists:
 - The PHA regularly submits required data to HUD's 50058 PIC/IMS Module in an accurate, complete and timely manner (as specified in PIH Notice 2006-24);
 - The system of site-based waiting lists provides for full disclosure to each applicant in the selection of the development in which to reside, including basic information about available sites; and an estimate of the period of time the applicant would likely have to wait to be admitted to units of different sizes and types at each site;
 - Adoption of site-based waiting list would not violate any court order or settlement agreement or be inconsistent with a
 pending complaint brought by HUD;
 - The PHA shall take reasonable measures to assure that such waiting list is consistent with affirmatively furthering fair housing;
 - The PHA provides for review of its site-based waiting list policy to determine if it is consistent with civil rights laws and certifications, as specified in 24 CFR part 903.7(c)(1).
- The PHA will comply with the prohibitions against discrimination on the basis of age pursuant to the Age Discrimination Act of 1975.
- 10. The PHA will comply with the Architectural Barriers Act of 1968 and 24 CFR Part 41, Policies and Procedures for the Enforcement of Standards and Requirements for Accessibility by the Physically Handicapped.
- 11. The PHA will comply with the requirements of section 3 of the Housing and Urban Development Act of 1968, Employment Opportunities for Low-or Very-Low Income Persons, and with its implementing regulation at 24 CFR Part 135.
- 12. The PHA will comply with acquisition and relocation requirements of the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970 and implementing regulations at 49 CFR Part 24 as applicable.

- 13. The PHA will take appropriate affirmative action to award contracts to minority and women's business enterprises under 24 CFR 5.105(a).
- 14. The PHA will provide the responsible entity or HUD any documentation that the responsible entity or HUD needs to carry out its review under the National Environmental Policy Act and other related authorities in accordance with 24 CFR Part 58 or Part 50, respectively.
- 15. With respect to public housing the PHA will comply with Davis-Bacon or HUD determined wage rate requirements under Section 12 of the United States Housing Act of 1937 and the Contract Work Hours and Safety Standards Act.
- 16. The PHA will keep records in accordance with 24 CFR 85.20 and facilitate an effective audit to determine compliance with program requirements.
- 17. The PHA will comply with the Lead-Based Paint Poisoning Prevention Act, the Residential Lead-Based Paint Hazard Reduction Act of 1992, and 24 CFR Part 35.
- 18. The PHA will comply with the policies, guidelines, and requirements of OMB Circular No. A-87 (Cost Principles for State, Local and Indian Tribal Governments), 2 CFR Part 225, and 24 CFR Part 85 (Administrative Requirements for Grants and Cooperative Agreements to State, Local and Federally Recognized Indian Tribal Governments).
- 19. The PHA will undertake only activities and programs covered by the Plan in a manner consistent with its Plan and will utilize covered grant funds only for activities that are approvable under the regulations and included in its Plan.
- 20. All attachments to the Plan have been and will continue to be available at all times and all locations that the PHA Plan is available for public inspection. All required supporting documents have been made available for public inspection along with the Plan and additional requirements at the primary business office of the PHA and at all other times and locations identified by the PHA in its PHA Plan and will continue to be made available at least at the primary business office of the PHA.
- 21. The PHA provides assurance as part of this certification that:
 - (i) The Resident Advisory Board had an opportunity to review and comment on the changes to the policies and programs before implementation by the PHA;
 - (ii) The changes were duly approved by the PHA Board of Directors (or similar governing body); and
 - (iii) The revised policies and programs are available for review and inspection, at the principal office of the PHA during normal business hours.
- 22. The PHA certifies that it is in compliance with all applicable Federal statutory and regulatory requirements.
