FY2022

HUD-50075-ST

Annual PHA Plan (Standard PHAs and Troubled PHAs)	U.S. Department of Housing and Urban Development Office of Public and Indian Housing	OMB No. 2577-0226 Expires: 02/29/2016
--	---	--

Purpose. The 5-Year and Annual PHA Plans provide a ready source for interested parties to locate basic PHA policies, rules, and requirements concerning the PHA's operations, programs, and services, and informs HUD, families served by the PHA, and members of the public of the PHA's mission, goals and objectives for serving the needs of low-income, very low-income, and extremely low-income families.

Applicability. Form HUD-50075-ST is to be completed annually by **STANDARD PHAs or TROUBLED PHAs**. PHAs that meet the definition of a High Performer PHA, Small PHA, HCV-Only PHA or Qualified PHA do not need to submit this form.

Definitions.

- (1) **High-Performer PHA** – A PHA that owns or manages more than 550 combined public housing units and housing choice vouchers, and was designated as a high performer on both of the most recent Public Housing Assessment System (PHAS) and Section Eight Management Assessment Program (SEMAP) assessments if administering both programs, or PHAS if only administering public housing.
- (2) **Small PHA** - A PHA that is not designated as PHAS or SEMAP troubled, or at risk of being designated as troubled, that owns or manages less than 250 public housing units and any number of vouchers where the total combined units exceeds 550.
- (3) **Housing Choice Voucher (HCV) Only PHA** - A PHA that administers more than 550 HCVs, was not designated as troubled in its most recent SEMAP assessment and does not own or manage public housing.
- (4) **Standard PHA** - A PHA that owns or manages 250 or more public housing units and any number of vouchers where the total combined units exceeds 550, and that was designated as a standard performer in the most recent PHAS or SEMAP assessments.
- (5) **Troubled PHA** - A PHA that achieves an overall PHAS or SEMAP score of less than 60 percent.
- (6) **Qualified PHA** - A PHA with 550 or fewer public housing dwelling units and/or housing choice vouchers combined, and is not PHAS or SEMAP troubled.

July 2021. Revisions/updates have been made throughout the ACOP to conform to HUD's rules and regulations and PHA Policy. A final draft copy is posted on GHURA's website at www.ghura.org.

Rent Determination

Public Housing Flat Rent Schedule and Section 8 Housing Choice Voucher (HCV) Program Payment Standard Schedule are updated annually based on the applicable Fair Market Rent (FMR). The FY2021 Fair Market Rent and Flat Rent Schedule were effective 10/1/2020. A change is expected in the ACOP (Page 16-7) regarding request to extend the approved flat rents up to two additional years.

Operation and Management

Section 8 Housing Choice Voucher Program

As a result of COVID-19 restrictions imposed by the Government of Guam, the Section 8 HCV Program adopted several HUD-approved waivers necessary to protect Section 8 staffs, applicants and participants from the spread of the virus. These waivers include re-determining family income, performing income verifications, contract extensions for FSS, HQS inspections through self-certifications, alternatives for family briefings, voucher extensions, moratorium for evictions for non-payment of rent, pro-long absences from the unit, extended youth participation under the Family Unification Program, reporting of HUD form 50058, and the submission of SEMAP.

The pandemic has caused the Agency to adopt the waivers due to closed operations to the public. Clients were seen only by appointments in rooms separated by glass dividers. Contracts and the necessary paperwork were mailed to and from the participants. A drop box was installed at the front of the Main Office building to receive documents from recipients who were unable to submit documents electronically. Staff worked in two alternating shifts throughout the week. During the initial phase of the pandemic, the Agency was closed to the public from March 2020 to April 2020, then opened for operations in May. A second surge of the virus prompted the Agency to shut down operations again during the last week in August 2020 and throughout the month of September 2020.

The pandemic has caused the lag in receiving referrals and the processing of vouchers under the Mainstream and VASH Programs. Referring agencies were similarly affected by the government shutdown, causing a delay in referrals and the submission of necessary documents to proceed with the processing of assistance. GHURA management continues to reach out to referring partners and potential clients to submit referrals and applications to effectively lease all vouchers.

Public Housing Program

The Public Housing adopted most of the waivers applicable to Public Housing Program under HUD's COVID-19 Statutory and Regulatory Waivers and Alternative requirements. On May 4, 2021, HUD issued Notice PIH 2021-14 (HA), REV-3. This notice extends the period of availability for the Public Housing waivers, which in most cases extended to December 31, 2021. Additionally, other waivers have unique dates, such as the period of availability, which are dependent on the GHURA's fiscal year end date or based on a specific action or activity.

GHURA issued a notice to the Public on May 6, 2021, opting to adopt the Waivers specific to the Public Housing Program. The notice and list of waivers are posted on GHURA's web page at www.ghura.org. Notices were also sent to all Public Housing residents.

The use of the Waivers is necessary to keep the Public Housing Program operational to the extent feasible and allows the GHURA to continue to carry out its mission to provide decent, safe, and sanitary affordable housing for low-income families amidst the pandemic. The Notice carried forward information on previously specified HUD actions.

	<p>Grievance Procedures</p> <p>The PHA's essential responsibility is to ensure grievance hearings meet the requirements of due process and comply with HUD regulations. Remote informal hearings are being made available. All GHURA policies and processes for remote informal hearings will be conducted in accordance with due process requirements and in compliance with HUD regulations (see ACOP Chapter 14).</p>																										
	<p>Pet Policy</p> <p>The ACOP has been updated to include the FHEO 2020-01 guidance and tool. Additional guidance provides PHAs and other housing providers a set of best practices for addressing requests for assistance animals. In Public Housing the PHA evaluates a request for a service animal under the ADA and Fair Housing Act. PHAs should also refer to Department of Justice (DOJ) Joint Statement on Reasonable Accommodations under the Fair Housing Act.</p>																										
	<p>Significant Amendment/Modification</p> <p>See Exhibit A</p> <p>(c) The PHA must submit its Deconcentration Policy for Field Office review.</p> <p>Included as Exhibit B is the Deconcentration Policy (ACOP 3/1/17), there are no changes.</p>

GHURA continues to request for HUD's approval for the modernization of units that are need major renovation work. The Capital Fund Program (CFP) funds are used to address these vacant units under modernization. Units identified for modernization require the units to become or remain vacant to accomplish the improvements necessary; modernization may require up to eight months for completion. Major factors in which GHURA considers placing units under modernization and upgrade: the age of the unit, deterioration of the sewer waste and water lines, and antiquated electrical system, to name a few.</p>	Y	N	<input type="checkbox"/>	<input checked="" type="checkbox"/> Hope VI or Choice Neighborhoods.	<input type="checkbox"/>	<input checked="" type="checkbox"/> Mixed Finance Modernization or Development.	<input type="checkbox"/>	<input checked="" type="checkbox"/> Demolition and/or Disposition.	<input type="checkbox"/>	<input checked="" type="checkbox"/> Designated Housing for Elderly and/or Disabled Families.	<input type="checkbox"/>	<input checked="" type="checkbox"/> Conversion of Public Housing to Tenant-Based Assistance.	<input type="checkbox"/>	<input checked="" type="checkbox"/> Conversion of Public Housing to Project-Based Assistance under RAD.	<input type="checkbox"/>	<input checked="" type="checkbox"/> Occupancy by Over-Income Families.	<input type="checkbox"/>	<input checked="" type="checkbox"/> Occupancy by Police Officers.	<input type="checkbox"/>	<input checked="" type="checkbox"/> Non-Smoking Policies.	<input type="checkbox"/>	<input checked="" type="checkbox"/> Project-Based Vouchers.	<input type="checkbox"/>	<input checked="" type="checkbox"/> Units with Approved Vacancies for Modernization.	<input type="checkbox"/>	<input checked="" type="checkbox"/> Other Capital Grant Programs (i.e., Capital Fund Community Facilities Grants or Emergency Safety and Security Grants).

Most units are over 40 years old and the sewer lines that were originally installed are galvanized pipes that have since and continue to severely corrode; the electrical systems are obsolete, and parts are no longer being sold to perform the necessary maintenance of the system.

Other Capital Grant Programs

GHURA will consider the possibility and feasibility of applying for the Capital Fund Financing Program (CFFP). GHURA's Public Housing units were constructed between 30 and 45 years ago. GHURA considers the age of the units and Guam's weather conditions as factors for units requiring renovation and/or modernization work. With the limited CFP funds and the projected renovations and modernization work to the Public Housing units and sites, other funding opportunities need to be researched for GHURA to provide decent, safe, sanitary homes for our residents.

Lead Based Paint. A re-testing for the presence of Lead-Based Paint (LBP) was completed in November 2018 on 145 Public Housing units at AMP 1 (Agana Heights, Mongmong and Sinajana), AMP 2 (Yona), and AMP 4 (Toto). Out of the 145 units, a total of 67 units tested positive for lead. GHURA identified funding under the Capital Fund Program (CFP) to address the abatement of the units affected. If the lead-positive unit becomes vacant and requires modernization, the LBP abatement may be included in the scope of work. The contractor will be required to provide a certification by a LBP certified consultant of the abatement and subsequent negative testing. As the A/E Division works towards obtaining a contract for abatement of all positive units, GHURA continues to provide notices to the residents at occupancy of the presence of LBP on the affected units. A report of any individuals testing positive for lead poisoning will be provided to HUD.

Use of Operating Reserves. GHURA reviews the possibility of using operating reserves to address project-specific activities in order to maintain the efficient management operations of Public Housing units. Projects being considered are:

- Installation of overhead lighting in elderly unit bedrooms as the unit becomes vacant.
- Construction of an open-air canopy above existing basketball courts and/or playground facilities located on the AMP sites.
- Removal and repair of existing fence and/or installation of new fencing at the AMPs sites.
- Installation of bollards to prevent soil erosion and unauthorized resident parking on grass.
- Installation of lighting at fence line for security purposes.
- Installation of boundary signage where there are no fences to deter residents from trespassing on private properties that border PHA sites.
- Purchase and installation of security cameras with security monitoring services.
- Pest control/termite treatment in units.
- Removal of large trees or branches that compromises the unit's integrity or at-risk of falling debris during storms.
- Support of resident programs.
- Other project-specific activities include, but are not limited to, improving curb appeal (maintenance costs, non-routine or capital expenses).

Wait List.

AMP 1 (Agana Heights, Mongmong, Sinajana, Asan) wait list was closed since September 28, 2018.

AMP 2 (Yona, Talofofo, Inarajan) wait list was closed since December 31, 2020.

AMP 3 (Agat, Merizo, Umatac) wait list closed as of April 30, 2021.

AMP 4 (Toto, Dededo) wait list opened beginning May 1, 2021 and will close May 31, 2021. Wait list is only open for 3-, 4- & 5-bedroom units.

The Section 8 HCV Program wait list was opened for one week only from July 10-14, 2020. At least 1800 pre-applications were selected randomly through an electronic lottery system and will remain on this wait list until July 2022 or when the list is exhausted, whichever comes first.

	<p>The wait list for the Section 8 Project-Based Rental Assistance (PBRA) Program vouchers for elderly families was exhausted as of February 2021. The wait list reopened from March 1 to 31, 2021. The Veterans Affairs Supportive Housing (VASH) Program, Mainstream, Non-Elderly Disabled (NED), and Family Unification Program (FUP) wait lists will remain open indefinitely to establish lists for each program.</p> <p>The wait list for the Guma Trankilidat Elderly Housing, a Multifamily Housing Program for the elderly and adult person with disability, was closed since February 7, 2020.</p>

Project-Based Elderly Program

Guam has 112 Project-based Elderly Program vouchers which are 95% leased up. The Section 8 Project-Based Voucher Program is a rental housing assistance program for elderly families. Unlike the Section 8 tenant-based program, the Project-Based subsidy is attached to specific units; the assistance does not move with the family. Under this program, there are 112 units that are subsidized at the Summer Town Estates in Dededo.

HUD-Veterans Affairs Supportive Housing Program (VASH)

Guam currently receives a total of 66 VASH vouchers with 42 leased up. Guam will continue to apply for additional funding to help our homeless veterans and their families afford decent, safe, and sanitary housing.

Mainstream

Guam was awarded 11 Mainstream Housing Program vouchers in 2018 and additional 4 in August 2020; 14 vouchers are leased up. These vouchers assist non-elderly persons between the ages of 18-61 with disabilities who are transitioning out of institutional or other segregated settings, at serious risk of institutionalization, homeless, or at risk of becoming homeless.

Non-Elderly Disabled (NED)

Guam currently has 175 NED vouchers with 154 leased. The NED vouchers assist very low-income non-elderly disabled families and individuals with permanent housing. The recipients of NED vouchers are non-elderly head of household, co-head or spouse that is disabled.

Family Unification Program (FUP)

FUP vouchers are for families for whom the lack of adequate housing is a primary factor in the imminent placement (1) of the family's child or children, in out-of-home care; and (2) of the delay in discharge of child or children, to the family from out-of-home care. This program also includes an 18-month Voucher for youth at least 18 years old and not more than 21 years old who left foster care at age 16 or older and who do not have adequate housing. The FUP program is available only to families who are referred by Department of Health and Social Services (DPHSS), Division of Public Welfare (DPW), and Bureau of Social Services Administration (BOSSA). Guam has 130 FUP vouchers, currently 118 are leased up.

A big contributing factor to the delay of leasing vouchers is due to COVID-19 restrictions and government shutdown, from March 2020 to May 2020 and August 2020 to September 2020. Although the shutdown has been lifted, Guam is still under restrictive orders, which caused delays in obtaining necessary documents from outside agencies, limited access to utility companies, impeded the ability of families to actively search for a unit, and caused landlords the inability and/or refusal to show units.

Multi-family Program

Guam continues to operate Guma Trankilidat, a project-based rental assistance program that has a total of 49 units available for the elderly and adults with disabilities. This program is limited to very-low-income individuals whose head of household, spouse, or sole member is elderly or person with a disability. Additionally, of the 750 Public Housing units, 82 are for the elderly.

Increasing Availability of Affordable Housing (Other Programs)

Guam continues to meet the priorities set forth in the 5-Year Consolidated Plan to increase the availability of affordable housing. As of 2021, Guam's participation in the Low-Income Housing Tax Credit (LIHTC) program has completed 1,170 affordable LIHTC rental units. An additional 132 rental units for Low-to-Moderate-Income (LMI) families are anticipated to be placed in service: Ironwood Villa Del Mar Phase II with 68 units and Summer Town Estates IV with 64 units.

Guam continues to support affordable housing through the rehabilitation of structures that are converted as affordable housing through the construction, acquisition, and rehabilitation of housing for sale as affordable housing and through the LIHTC program. Guam continues to provide decent, safe, and affordable

housing. As of this reporting period, Guam has completed the renovation of a 14-unit apartment complex for an affordable rental program to be operated by a local non-profit organization. A total of three families were assisted under the Renewal Affordable Homes Program on a lease with option to purchase, with one closing during this period.

Section 108

The Government of Guam applied for a Loan Guarantee under Section 108 of the Housing and Community Development Act of 1974. The Section 108 program is a financing tool that allows communities and states to expand the size of their CDBG programs. It allows communities to transform a small portion of their CDBG funds into federally guaranteed loans large enough to pursue physical and economic revitalization projects that can renew entire neighborhoods. Additionally, the program is intended to support projects which principally benefit Low to Moderate Income (LMI) people in Guam.

GHURA, working on behalf of the Government of Guam, is the Designated Public Agency (DPA). The DPA simultaneously acts as borrower of the 108 loan funds from HUD and lender of 108 loan funds in this case lending to an organization (the ‘third party borrower’) proposing an activity that will fulfill a need within our community and that will serve an eligible LMI population. For this first Section 108 Loan, Guam will lend funds to construct of a public facility, the iLearn Academy Charter School (IACS) project. Project is anticipated to begin construction in 2021.

Housing Study

To better understand the local housing market, GHURA hired a Consultant to conduct a Housing Study and Needs Assessment for the island of Guam. The task of the Consultant was to identify existing and future housing stock with the community, assess the existing housing conditions, identify the demographic and market demands (present and future), and identify critical housing gaps and issues.

The Consultant completed their assessment in January 2020. The analyzed information produced “a description of current housing conditions in Guam (population, economic, housing policy, permitting procedures), and housing issues including homelessness, housing for the elderly, housing for disabled persons, and housing production; a housing demand analysis, and a comprehensive review of issues facing housing advocates and developers in 2019.” The full report can be found on GHURA’s website at www.ghura.org.

Analysis of Impediments to Fair Housing (AI)

GHURA contracted SMS Research & Marketing Services, Inc. (SMS) to conduct an Analysis of Impediments to Fair Housing (AI) for the island of Guam, which was completed April 2020. The AI is an assessment of laws, ordinances, statutes, and administrative policies as well as local conditions that affect the location, availability, and accessibility of housing. The development of this AI is part of the consolidated planning process required for all entitlement communities, including Guam, that receive housing and community development funds from the U.S. Department of Housing and Urban Development (HUD). The AI is also a tool that is used to address community needs and assist with the determination of project/activity location, availability and accessibility for housing and community development purposes. SMS drafted an assessment that specifically addresses Guam’s barriers and impediments to fair housing choice and provided strategies and plans to eliminate or mitigate those barriers. The full report can be found on GHURA’s website at www.ghura.org.

Occupancy Levels (HCV/S8, PH, Guma Trankilidat)

The following tables are intended to provide a snapshot of GHURA’s available units under the HCV, Public Housing, and Guma Trankilidat programs by occupancy level, racial analysis, and wait list status as of April 30, 2021:

Improve Community Quality of Life and Economic Vitality

REAC inspections were conducted in September 2019 at AMPs 1, 2, 3 and 4. The overall PHAS Score is 80, with a designation status as Standard Performer. HUD Notice PIH 2020-05, issued on April 10, 2020, waived physical inspections of Public Housing properties under the Public Housing Assessment System (PHAS) until further notice and further waived PHAS scores for PHA's with Fiscal Years ending through 12/31/2020.

On April 23, 2021, HUD announced that it will resume the Real Estate Assessment Center (REAC) inspections on June 1, 2021, for PHAs and Multifamily Property Owners/Agents. The REAC will notify PHAs of all high priority properties that it plans to inspect between June 1 and the end of the calendar year. Guam has not received notification of a REAC inspection for any of its Public Housing properties at this time. In the meantime, all AMPs are conducting their UPCS/PM inspections at the exterior of the units. In addition, the GHURA Property Site Managers and maintenance personnel are scheduled for a training on UPCS inspection and Project Based Management from May 17-27, 2021.

Safety

All four AMP sites continue to work closely with each of its village mayoral offices to actively engage its residents in the participation of the Neighborhood Watch Program (NWP). The NWP helps residents deter crime in the villages but also encourages recruitment and community involvement. Overall, the NWP has led law enforcement to identification and arrests of individuals committing petty thefts, burglary, assault and other more serious crimes.

Aside from the NWP, the Mayors provide other support services in terms of removal of abandoned vehicles that pose health and safety concerns at or around the sites; this is funded through the Recycling and Revolving fund appropriated to the mayors every year based on the size of their village. The Mayor's office also provides assistance in removing stray dogs that become a public nuisance at the sites and throughout the island.

COVID-19 Response

Safety

Pandemic Conditions of Readiness 1 (PCOR1)

On March 14, 2020, the Governor of Guam signed Executive Order 2020-04 Relative to responding to COVID-19. EO 2020-04 ordered the closure of non-essential Government of Guam offices through March 30, 2020; it was later extended through April 30, 2020. GHURA's Executive Management immediately put into place limited procedures critical to maintaining the GHURA's operations, i.e., landlord payments for S8 HCV, Utility Reimbursements to Public Housing residents, and payroll to its employees. For Public Housing, the critical functions were limited to responding only to resident Emergency Health and Safety life threatening issues (EHS-LT).

(PCOR2)

To eventually resume normal operations, GHURA's Executive Management implemented GHURA's Action Plan for Resuming Critical Functions in Response to COVID-19. The Plan outlines the procedures each division and employee must follow to keep with social distancing guidelines and other preventive measures to stop the spread of COVID-19. On May 11, 2020, all four Public Housing AMPs issued notice to all its residents informing them of the newly implemented safety procedures. In anticipation of reopening offices and as a precaution, the GHURA offices were retrofitted with plexi-glass in areas where staff must engage in face-to-face contact with an individual. Signs were posted in conspicuous areas notifying the public of the strict sanitation protocols, and a "no mask, no entry" policy was implemented. Notice of these changes were provided to the public in a press release.

On January 14, 2021, the Governor of Guam, Lourdes A. Leon Guerrero, through Executive Order No. 2021-03, extended the Public Health Emergency Declaration for Guam under PCOR 2 during which most activities are permitted to operate under moderate restrictions. GHURA remained under staggered work schedules due to the limited occupancy requirements. Although the main office and the AMP sites remain closed for walk-ins, appointments may be scheduled with mandatory protocols in place as outlined in GHURA's SOP provided to the Department of Public Health and Social Services (DPHSS).

(PCOR3)

Governor Lou Leon Guerrero signed Executive Order No. 2021-04 relative to Declaring Pandemic Condition of Readiness 3 (PCOR 3) effective Monday February 22, 2021. Most activities were permitted to operate with moderate restrictions and DPHSS guidance. This EO also updated the moratorium status on both EO Nos. 2020-07 and 2020-14. The significant changes that became effective March 1, 2021, were lifting the moratorium on (1) foreclosure and eviction proceedings as it pertains to commercial property and (2) eviction proceedings as it pertains to residential property for reasons unrelated to the failure to pay rent.

Promote Self-sufficiency and Asset Development of Families and Individuals

Meeting Family Self Sufficiency Goals

In line with the Governor's Executive Order (2020-04) calling for the closure of non-essential offices in response to the global COVID-19 pandemic, along with GHURA's executive management procedures and guidelines to maintain essential operations, Family Self-Sufficiency (FSS) Program Coordinators executed novel approaches for continuity of services to ensure that FSS families were still able to avail of the critical services they required. In line with social distancing guidelines, FSS Program Coordinators implemented an aggressive email and telephone campaign to maintain contact and provide essential information to program participants. As the program shifted from face-to-face appointments to remote service delivery, coordinators implemented virtual one-to-ones, processed virtual enrollments, and instituted pick-up/drop-off procedures. A needs assessment survey was distributed, which aided in identifying family needs, facilitated dialog with households by way of phone, email and/or virtual means, and provided critical information regarding distribution of food commodities, cleaning supplies, personal hygiene items, etc.

Despite challenges faced as a result of COVID-19, FSS Program Coordinators supported a total of 132 program participants and their families: 105 Housing Choice Voucher (HCV) Program participants and 27 Public Housing Program participants.

FSS Program Coordinators worked diligently to ensure that FSS families maintained their motivation to succeed, and focused on supporting them by providing access to resources which ensured their immediate health and financial needs continue to be met, as well as ensuring continued progress toward their final goals. Information on HUD's COVID-19 statutory and regulatory waivers, best practices for virtual service delivery and other resources to assist families impacted by the pandemic were distributed. Other resources disseminated to FSS families to assist with the financial and health impacts of the pandemic included:

- COVID-19 prevention, test sites (and subsequent immunization clinics);
- Food commodities, cleaning supplies & Personal Protective Equipment (PPE);
- Unemployment assistance;
- Free or discounted computers, cell phones, internet services, and etc.

Families were provided tools for managing their finances through the pandemic, encouraged continued savings, consistent paying down of debt, and provided ideas on how to responsibly utilize their Public Unemployment Assistance (PUA) as some experienced a large and sudden drop in income. A guide to dealing with decreased income was provided electronically, which was intended to aid them through these extraordinary times. The guide provided a monthly cash flow worksheet, possibilities of what may happen when bills aren't paid, and proactive steps they could take to work out payment plans with creditors. The

guide included sample letters for creditors to negotiate adjusted payment plans intended to avoid bigger issues in the future.

Finally, in conjunction with partners at the Guam Community College (GCC) Adult Education Program, families were encouraged to take advantage of online learning, and eventually as we enter into PCOR2, to be able to attend socially distanced, limited number on-site construction bootcamps which provided for job placement after successful completion.

Moving forward, FSS Program Coordinators continue to seek out means to educate, improve financial literacy, expand homeownership options, and work toward Housing Counseling Certification. We remain steadfast in seeking out effective, alternative training programs, workshops and seminars, as well as additional novel resources within the community which service to enhance and nurture the FSS program.

Section 3

GHURA's Staff continues to educate the contractors on the Section 3 regulations and to mandate the compliance of these regulations with each construction contract. A/E continues to work with Section 3 residents as well to link them with contractors for employment. As of July 2020, construction contractors were able to hire one Section 3 residents as Laborer for part time work. The construction contracts are for a short duration and can only provide for part time work. Most residents want full time work. The agency continues to work with the contractors to hire residents and to train them to be skilled laborers. GHURA continues to follow up on the possibility of creating a Youth build program for the island of Guam.

GHURA's FSS coordinators conduct outreach clinics and contact its Public Housing residents directly to encourage them to become more involved in the Section 3 program. FSS coordinators assist the A/E Division by compiling a list of eligible individuals and obtain resumes that will later assist the A/E staff in selecting participants who may be offered employment whether it be construction, administrative, or clerical work.

Deconcentration of Poverty and Income-Mixing

GHURA's admission policy is designed to provide for deconcentration of poverty and income mixing by bringing higher income residents into lower income projects and lower income residents into higher income projects. Nothing in the deconcentration policy relieves GHURA of the obligation to meet the income-targeting requirement. Gross annual income is used for income limits at admission and for income-mixing purposes.

Deconcentration and Income-Mixing Goals - To the extent this deconcentration policy is applicable to the public housing units at all four AMP Site Developments, GHURA acknowledges that its public housing developments are mixed-income developments that include policies intended to promote income mixing in public housing and increase incomes of public housing residents. If the incomes of the Public Housing Residents fall outside the Established Income Range (EIR), GHURA will provide an explanation in its Annual Plan. GHURA's deconcentration and income-mixing goal, in conjunction with the requirement to target at least 40 percent of new admissions to public housing in each fiscal year to "extremely low-income families", will be to admit families above GHURA's EIR to communities below the EIR and vice versa.

Deconcentration of Poverty and Income-Mixing - The average income at all AMP sites is below the established income range (EIR); and there are no concentrated poverty areas. The average and adjusted income of families residing in all covered developments as of September 30, 2020 are provided below:

Housing Counseling

GHURA became a full-fledged HUD approved housing counseling agency on 6/19/2020. The Housing Counseling program aims to assist clients in the Home Investment Partnerships Grant program, the Family Self Sufficiency program, and residents of Section 8 HCV and Public Housing. The program covers a myriad of counseling topics, including Pre-Purchase, Post-Purchase counseling, budgeting, homeownership and tenancy, fair housing, avoidance of mortgage default and eviction and basic rental education. The service is free of charge.

GHURA has aided approximately 31 clients in housing counseling services over the last 24 months. With both the one-to-one counseling and education pieces for housing clients, the agency anticipates an increased volume of clients. With the anticipated increase and long term strategic planning, GHURA seeks to certify three additional personnel to become housing counseling certified (both for homeownership and renting) by the end of 2021. Expansion of services will also include online and web-based seminars to ensure accessibility to clients in need or interested in progressing toward self-suitability.

Outreach Program

GHURA continues to partner with several agencies and non-profit organizations to bring outreach and education to families residing in Public Housing. As a result of COVID-19 pandemic and local government restrictions, many of the programs have either been halted or altered. Despite the setback, programs are slowly utilizing other media platforms to connect with families through zoom meetings or google meets. As island wide vaccination efforts continue and Guam's COVID-19 numbers continue to remain low, it is hoped that provide goals and objectives will resume.

- The Department of Education's Early Intervention System (GEIS) and Early Childhood Special Education Programs, the Department of Public Health and Social Services' Karinu, the Mayor's Council of Guam, and the University of Guam Center for Excellence in Developmental Disabilities Education, Research and Services (CEDDERS), brings programs such as Learn the Signs, Act Early Project, and Village Play Time to the community and the sites. Village Play time is an innovative travelling playgroup and a new initiative to support children birth to five years of age and their parents to actively engage in learning opportunities to enrich their child's overall development. Village play and other early childhood programs will continue throughout the year for all the sites.
- Mañe'lu (formerly Big Brother Big Sisters of Guam) is a local non-profit organization whose mission is to provide education and empowerment to children and families through mentoring. Mañe'lu has been providing outreach activities to include work force development, sports and recreational activities such as hikes and visits to various program partners. Some highlights this year include "Art in the Ville" with three components including cultural dance taking place in Yona (AMP 2), Art in the Ville (street art) in Mongmong (AMP 1), and a "walking club" in Toto Gardens (AMP 4) and Pagachao (AMP 3).
- Other local non-profit organizations like GALA Inc's Youth Empowerment Program for youth ages 10-19 years of age promotes health and wellness among youth, especially preventing substance abuse and suicide. Activities include lessons from the Storytelling for Empowerment Curriculum. There will be arts and crafts, physical fitness, dance, games and other life skills training.
- Public Housing has formed partnerships with the Guam Community College (GCC), Adult Education Programs, a program which provides adult basic classes in preparation for GED/HiSET (High School Equivalency Exams); Adult high School Diploma classes, and English as a Second Language (ESL) classes.

- GHURA has partnered with the University of Guam Cooperative Extension and Outreach. UOG provides outreach programs to the residents about eating smart and being active through its Expanded Food & Nutrition Program (EFNEP). EFNEP focuses on families with young children. EFNEP Coordinators came directly to the sites to engage participation with families and showcase ways families can make healthier food choices for meal preparation. Residents were also provided information on how to manage their funds for purchasing food items as well as how to choose the right physical activities for their families.

Other UOG programs will conduct assessment needs of the families at the different sites to match available programs, some of which are described below:

- *Agriculture and Natural Resources (Agricultural Economics, Container Gardening, Walk to Wellness).*
- *Consumer & Family Sciences (Community Nutrition Education Programs, Expanded Food and Nutrition Education Program, supplemental Nutrition Assistance Program- Education, Healthy Aging, etc.).*
- *4-H and Youth Development (Enrichment Programs, STEM Programs, etc.).*
- *Community Development (Workforce Development, Entrepreneur Training, Leadership Training, Financial Management Training, Asset Mapping, Needs Assessment Instruments and Data Collection)*

4-H Youth Development Programs being offered assist youth in acquiring knowledge, developing skills, and forming attitudes that will enable them to become self-directing, productive and contributing members of society.

- AMP 4 has completed renovation of the old AMP 1 office and plans to have programs geared towards classroom instruction in resident self-sufficiency programs, some of which are listed above. All AMP sites continue to work closely with Mañe'lú and other non-profit organizations to provide a range of programs geared for families from all public housing sites.

Property Site Managers from AMPs 1 and 4 met with the Director and staff of Department of Youth Affairs (DYA) to discuss the utilization of the old AMP 1 office as their satellite office for their youth group programs and coordinate joint efforts with entities listed above. The use of the facility is to ensure that it is utilized to provide community-based programs for the residents and children in the community.

Violence Against Women Act (VAWA)

The last updated revision to the Housing Choice Voucher (HCV) Admin. Policy was on September 27, 2018, and the Public Housing Admissions and Continued Occupancy Policy (ACOP) on August 31, 2017. Both policies incorporated the latest VAWA update. GHURA will continue to include any approved changes in the Admin Policy and ACOP, changes are reviewed by the public and approved by the Board of Commissioners prior to implementation.

The 2017 ACOP has been updated and labeled 2020 ACOP. It is out for public comment review and anticipated to be approved by the Board of Commissioners before July 2021. Changes under VAWA include a preference for victims of domestic violence, dating violence, sexual assault, or stalking.

Other

Utility Allowance (UA). The Utility Allowance study, through Notice PIH 2021-14 (HA), REV-3; page 36 provides for the delay in updating the utility allowance schedule which ends on December 31, 2021. This waiver was adopted by GHURA.

Challenged Elements. There have not been any Challenged Elements of the Annual PHA Plan brought to the Authority's attention. The Fiscal Year Beginning October 1, 2021 PHA Annual Plan for

	the Public Housing and Section 8 Programs and the Capital Fund Program Five Year Action Plan 2021-2025 was advertised for public comment for the period from March 19, 2021 through May 6, 2021. The Public Meeting was held on May 6, 2021.

C.1	<p>Capital Improvements. Include a reference here to the most recent HUD-approved 5-Year Action Plan (HUD-50075.2) and the date that it was approved by HUD.</p> <p><u>CFP Five Year Action Plan 2021-2025</u> CFP Five Year Action Plan (Form HUD50075.2) report year 2021 – 2025 has been entered into EPIC online data system and approved by HUD electronically in EPIC on 3/23/2021.</p> <p><u>CFP Five Year Action Plan 2020-2024 (Significant Amendment)</u> The Drainage Correction project at the AMP4 Toto Site was identified in the CFP Five Year Action Plan 2020-2024 and scheduled for year 2024. The projected cost estimate was \$203,000. The drainage issue has become a hazard to the Toto Public Housing community and to the surrounding private homeowners. A heavy downpour of rain has caused the neighbors' property to flood, it has also caused flooding at Toto Public Housing enticing the Public Housing kids to use the flooding as a water slide and play area. Due to safety concerns, we are proposing to address this project sooner and to increase the budgeted amount.</p> <p>The A/E Division had planned to address the drainage correction by constructing a percolation chamber. However, after further review it was determined the proposed project description would not meet the updated EPA requirements and that the existing ponding basin is too small to accommodate the Public Housing area. The upgraded design and new scope of work increased the cost estimate substantially to \$1.3M. The substantial increase has triggered a Significant Amendment/Modification process requirement in order to move forward with this project. The definition of a Significant Amendment/Modification is when "Any addition or change in the planned or actual use of federal funds for non-emergency work items exceeding 25% of the total grant (items not included in the current CFP Five-Year Action Plan)". Although the funding will be split between two grants, GQ08P001501-20 and the GQ08P001501-21, the estimated cost of the project exceeds 25% of the GQ08P001501-20 grant. The revised CFP Five Year Action Plan 2020-2024 has been entered into EPIC and can be found on GHURA's web site at www.ghura.org.</p>

DEFINITION OF SUBSTANTIAL AMENDMENT AND SIGNIFICANT AMENDMENT/MODIFICATION 2022 PHA PLAN

GHURA considers a Significant Amendment and Substantial Deviation/Modification to the Plan as a discretionary change in the plan or policy of the Authority that fundamentally alters the mission, goals, objectives or plans of the Authority. Any significant amendment or substantial deviation/modification will require the Authority to submit a revised PHA 5-year plan that has met full hearing process requirements and the formal approval of the GHURA Board of Commissioners. The Authority defines significant amendment and substantial deviation/modification as:

- Any change in the planned or actual use of federal funds for activities that would prohibit or redirect the Authority's mission, goals, and objectives
- A need to respond immediately to Acts of God beyond the control of the Authority, such as earthquakes, civil unrest, or other unforeseen significant events
- A mandate from Guam government officials, specifically the governing Board of Commissioners of the Authority, to modify, revise, or delete the long-range goals and objectives in the program
- A substantial deviation does not include any changes in HUD rules and regulations, which require or prohibit changes to activities listed in the PHA
- A Significant Amendment or Substantial Deviation/Modification to the PHA Five-Year and Annual Plan is defined as: Changes of a significant nature to the rent or admissions policies, or the organization of the waiting list not required by federal regulatory requirements as to effect a change in the Public Housing Admissions and Continued Occupancy Policy (ACOP) and the Section 8 Housing Choice Voucher Program Administrative Plan

Significant Amendment/Modification to Capital Fund Program

GHURA considers a "significant amendment/modification" to the Capital Fund Program (CFP) 5-Year and Annual Plan as a discretionary change in the plan or policy of the Authority that fundamentally alters the mission, goals, objectives or plans of the Authority. Any significant amendment/modification will require the Authority to submit a revised CFP 5-Year Plan that has met full hearing process requirements and the formal approval of the Board of Commissioners. Specifically the following will be considered to constitute a significant amendment/modification:

- Any addition or change in the planned or actual use of federal funds for non-emergency work items exceeding 25% of the total grant (items not included in the current CFP Five-Year Action Plan); and
- Any change with regard to demolition or disposition, designation, homeownership programs, Rental Assistance Demonstration (RAD) conversion, Capital Fund Financing Program (CFFP), development or mixed finance or conversion activities.

An exception to this definition will be made for any of the above that are adopted to reflect changes in HUD regulatory requirements. HUD will not consider such changes as significant amendment.

Deconcentration of Poverty and Income-Mixing [24 CFR 903.1 and 903.2]

The PHA's admission policy must be designed to provide for deconcentration of poverty and income-mixing by bringing higher income tenants into lower income projects and lower income tenants into higher income projects. A statement of the PHA's deconcentration policies must be included in its annual PHA plan [24 CFR 903.7(b)].

The PHA's deconcentration policy must comply with its obligation to meet the income targeting requirement [24 CFR 903.2(c)(5)].

Developments subject to the deconcentration requirement are referred to as 'covered developments' and include general occupancy (family) public housing developments. The following developments are not subject to deconcentration and income mixing requirements: developments operated by a PHA with fewer than 100 public housing units; mixed population or developments designated specifically for elderly or disabled families; developments operated by a PHA with only one general occupancy development; developments approved for demolition or for conversion to tenant-based public housing; and developments approved for a mixed-finance plan using HOPE VI or public housing funds [24 CFR 903.2(b)].

Steps for Implementation [24 CFR 903.2(c)(1)]

To implement the statutory requirement to deconcentrate poverty and provide for income mixing in covered developments, the PHA must comply with the following steps:

Step 1. The PHA must determine the average income of all families residing in all the PHA's covered developments. The PHA may use the median income, instead of average income, provided that the PHA includes a written explanation in its annual plan justifying the use of median income.

GHURA Policy

GHURA will determine the average income of all families in all covered developments on an annual basis.

Step 2. The PHA must determine the average income (or median income, if median income was used in Step 1) of all families residing in each covered development. In determining average income for each development, the PHA has the option of adjusting its income analysis for unit size in accordance with procedures prescribed by HUD.

GHURA Policy

GHURA will determine the average income of all families residing in each covered development (not adjusting for unit size) on an annual basis.

Step 3. The PHA must then determine whether each of its covered developments falls above, within, or below the established income range (EIR), which is from 85% to 115% of the average family income determined in Step 1. However, the upper limit must never be less than the income at which a family would be defined as an extremely low-income family (federal poverty level or 30 percent of median income, whichever number is higher).

Step 4. The PHA with covered developments having average incomes outside the EIR must then determine whether or not these developments are consistent with its local goals and annual plan.

Step 5. Where the income profile for a covered development is not explained or justified in the annual plan submission, the PHA must include in its admission policy its specific policy to provide for deconcentration of poverty and income mixing.

Depending on local circumstances the PHA's deconcentration policy may include, but is not limited to the following:

- Providing incentives to encourage families to accept units in developments where their income level is needed, including rent incentives, affirmative marketing plans, or added amenities
- Targeting investment and capital improvements toward developments with an average income below the EIR to encourage families with incomes above the EIR to accept units in those developments
- Establishing a preference for admission of working families in developments below the EIR
- Skipping a family on the waiting list to reach another family in an effort to further the goals of deconcentration
- Providing other strategies permitted by statute and determined by GHURA in consultation with the residents and the community through the annual plan process to be responsive to local needs and PHA strategic objectives

A family has the sole discretion whether to accept an offer of a unit made under the PHA's deconcentration policy. The PHA must not take any adverse action toward any eligible family for choosing not to accept an offer of a unit under the PHA's deconcentration policy [24 CFR 903.2(c)(4)].

If, at annual review, the average incomes at all general occupancy developments are within the EIR, the PHA will be considered to be in compliance with the deconcentration requirement and no further action is required.

GHURA Policy

For developments outside the EIR GHURA will take the following actions to provide for deconcentration of poverty and income mixing:

At the beginning of each housing authority fiscal year, the housing authority will establish a goal for housing 40% of its new admissions with families whose incomes are at or below the area median income. The annual goal will be calculated by taking 40% of the total number of move-ins from the housing authority fiscal year.

Order of Selection [24 CFR 960.206(e)]

The PHA system of preferences may select families either according to the date and time of application or by a random selection process.

GHURA Policy

Families will be selected from the waiting list based on preference. Among applicants with the same preference, families will be selected on a first-come, first-served basis according to the date and time their complete application is received by GHURA.

When selecting applicants from the waiting list, GHURA will match the characteristics of the available unit (unit size, accessibility features, unit type) to the applicants on the waiting lists. GHURA will offer the unit to the highest ranking applicant who qualifies for that unit size or type, or that requires the accessibility features.

By matching unit and family characteristics, it is possible that families who are lower on the waiting list may receive an offer of housing ahead of families with an earlier date and time of application or higher preference status.

Factors such as deconcentration or income mixing and income targeting will also be considered in accordance with HUD requirements and GHURA Policy.

MINUTES**RESIDENT ADVISORY BOARD (RAB) MEETING
February 18, 2021 5:30 p.m.**

The Guam Housing and Urban Renewal Authority (GHURA) held a Zoom meeting with the members of the Resident Advisory Board (RAB) on February 18, 2021, at 5:30 p.m. The meeting was to discuss the Annual PHA Plan (FY2022) and Capital Fund Program (CFP) Five Year Action Plan (2021-2025).

RAB members in attendance:

Robin Harry	Keithleen Harry
Katrina Ueno	James Ueno
Michelle Binuya	Elvina Soden
Asiko Achew	Ciana Miner
Shauntay Aflleje	

GHURA Staff in attendance:

Katherine Taitano, Chief Planner	Alvina Castro, Program Coordinator
Narcy Ada, Property Site Manager	Gina Cura, Property Site Manager
Patrick Bamba, Property Site Manager	Philomena San Nicolas, Property Site

General Discussion/Announcements

The RAB members were provided with a copy of the draft Annual PHA Plan and the CFP Five Year Action Plan. Role of the RAB was outlined, as there are new members. The discussion was open to all portions of the Plans. The following topics were discussed:

- PHA Plan Elements.
- New Activities.
- Most Recent Fiscal Year Audit.
- Progress Report
- CFP Five Year Action Plan Projects.

The following were the questions posed and the responses:

Q: Where on the GHURA website can I find the Housing Study and Analysis of Impediments to Fair Housing? I am interested in knowing how GHURA plans to help people like me graduate out from Public Housing.

R: We will send you a link.

Q: I have been on the FSS waitlist since 2017.

R: I spoke with the FSS coordinator and they are aware. It was explained that they do not have as many available for Public Housing residents as they do for Section 8. Encouraged her to continue on the waitlist as the FSS is a great program to help her reach her goals.

Q: Can the roof insulation for the units be addressed during the unit Mod projects?

R: We will put this up for discussion with the A/E division. The issue may be the cost, the cost of modernizing a unit has really increased and requests for units to be placed under unit modernization has increased too.

Information was provided by the public housing PSM that the Admissions and Continued Occupancy Policy (ACOP) has been updated and that it will be advertised for public comment at the same time as

the PHA Plan and CFP 5-Year Action Plan. Both the Plans and the ACOP will be presented before the Board together.

The attendees were informed that the public is being notified of the availability of the Plans for review, advertisement dates are from March 18 to May 3, 2021. It was explained that if they had questions regarding the Plans, or wanted to suggest changes or additions, that they needed to do it within the timeline indicated. Also, the final draft will be prepared and it will be provided to them for final review and another RAB meeting on April 5, 2021 for the review.

No further questions or comments were posed. The meeting was concluded.

The Guam Housing and Urban Renewal Authority (GHURA) held a Zoom meeting with the members of the Resident Advisory Board (RAB) on April 6, 2021, at 5:30 p.m. The RAB members were provided with a copy of the second draft Annual PHA Plan and the CFP Five Year Action Plan prior to the meeting.

General Discussion/Announcements

During the meeting we discussed the changes made to the Annual PHA Plan (FY2022) and Capital Fund Program (CFP) Five Year Action Plan (2021-2025) since the last RAB meeting on February 18, 2021.

Annual PHA Plan (FY2022)

The only change to the Annual PHA Plan is that we updated the De-concentration of Poverty and Income-Mixing report, the report was for FY2019, it has been updated with FY2020 numbers. It was explained that the other reports such as the Occupancy Level, Wait List and Tenant Statistic reports would all be updated before it is submitted to HUD for review. Also, any accomplishments such as in the FSS program or the lease ups prior to submission would also be updated.

CFP Five Year Action Plan (2021-2025)

During the last meeting we provided a list and we discussed the projects that were to be included in the CFP Five Year Action Plan (2021-2025). It was explained that these projects were entered into the Energy and Performance Information Center (EPIC), an online reporting system, this is the reporting format required by HUD. The RAB members were informed that HUD reviewed the Action Plan and approved it on 3/21/2021. But if there were any changes, comments or concerns that they would like to bring up we still had until May 6, 2021 the final date for public comment.

It was explained that the changes that were made to the Action Plan, since the last meeting, was that we removed a couple projects and we added one. We removed the project to "Renovate Unit for 504 Accessibility". It was explained that after discussions with the A/E staff we would need to review this in more detail before submitting this for a project. The renovations needed would require removing walls and expanding door entrances to accommodate wheel chair turning radius. The walls are all concrete, this may not be feasible. The second project removed was the "Renovation of Bathrooms" as a project on its own. None of the PSM's expressed any concerns regarding units needing just bathroom renovations, these are being addressed under Unit Mod category when a major renovation is needed.

The project we added was the Drainage Correction at AMP4 Toto. This project was identified in the Five-Year Action Plan 2020-2024 in year 2024. However, the PSM and A/E found this project needed to be completed sooner and due to the estimated cost of the project, \$1.3M, we will need to address it in two grant cycles so we added it onto the 2021-2025 Five-Year Plan.

Significant Amendment to the CFP Five Year Action Plan (2020-2024)

It was explained that GHURA is also processing a significant amendment. It is being presented at this meeting as it is part of the RAB responsibility to review any significant amendments and to make any comments, concerns, questions regarding our request for a significant amendment. The Authority's definition of a significant amendment is when "Any addition or change in the planned or actual use of federal funds for non-emergency work items exceeding 25% of the total grant (items not included in the current CFP Five Year Action Plan)".

The Drainage Correction project was identified in the CFP Five Year Action Plan 2020-2024 it was planned to be addressed in year 2024, the cost estimate was \$203,000. The drainage issue has become a hazard to the Toto community and to the surrounding private home owners. When there is a heavy rain it has caused the neighbors' property to flood and the public housing kids sometimes will use the flooding as a water slide and play area. At the time, A/E Division had planned to address the drainage correction by constructing a percolation chamber. However, after further review it was determined the proposed project description would not meet the updated EPA requirements and that the existing ponding basin is too small to accommodate the public housing area. The upgraded design and new scope of work increased the cost estimate substantially to \$1.3M. This increase is more than 25% of the grant therefore, a significant amendment is necessary in order to move forward with this project. We plan to fund this project between two grants GQ08P001501-20 and GQ08P001501-21 because of the amount of the cost estimate.

Another project we would like to discuss is the site lighting repair at AMP2 Yona and Talofofo areas. This change does not require a significant amendment but we wanted to mention it since we are discussing projects and we are making a change to the Plan. The project was identified in the Five Year Action Plan 2019-2023 but was removed as the project was to be addressed with the AMP2 Operating Reserve Funds. But after further review by the A/E Division it was determined that CFP funds should be used to address this project, so it will be placed back into the Plan.

Questions/comments and the responses

Q/C: AMP3 would like to add some office space, our office is a converted unit and there is no room, we are so cramped.

Q/C: Is the revision to the ACOP included in the Public Meeting on May 6, 2021?

R: Yes, the ad did indicate the public meeting is to address any public comments on the Annual PHA Plan (FY2022), CFP Five Year Action Plan (2021-2025), Significant Amendment to the CFP Five Year Action Plan (2020-2024) and the Revision to the ACOP. Notices were also sent out to each of the 750 public housing units informing them of the public meeting and informing them how to participate.

Q/C: Your site may have other needs, if you want to mention what area improvements your site would benefit from you should mention it, this is a perfect time to let us know.

Q/C: Tomorrow (4/7/2021) the Legislature is holding a confirmation hearing for one of the residents to serve as Resident Commissioner for GHURA's Board of Commissioners. The resident is Carl Corpus, he was a former RAB Member and is a resident of GHURA 35, Dededo. Everyone is invited to attend.

The RAB were reminded of the public comment period and that it would end on May 6, 2021. The public meeting is being held on May 6, 2021 at 10:00 a.m. via Zoom, if you are interested in attending please email me by May 3rd so that we can be sure to send you an invite. All the information is posted on the ad.

No further questions or comments were posed. The meeting was concluded.

Report: Domestic terrorism poses 'elevated' threat in 2021

By Del Quentin Wilber
Los Angeles Times

WASHINGTON — The U.S. intelligence community has assessed that domestic violent extremists this year will pose an "elevated" threat to the country, according to a report released Wednesday.

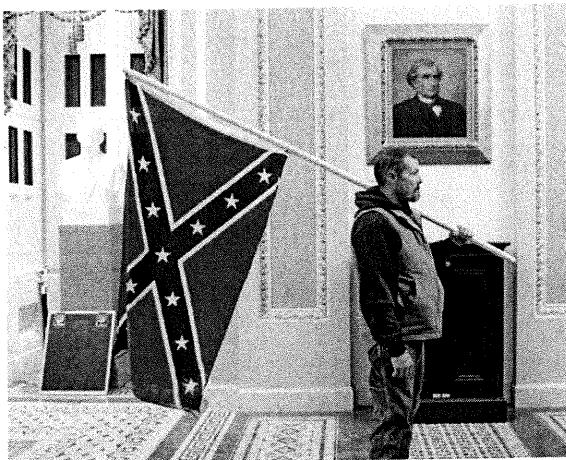

The brief, unclassified summary also concluded "the emboldening impact" of the Jan. 6 siege of the U.S. Capitol by a pro-Donald Trump mob will "almost certainly spur some (extremists) to try to engage in violence this year."

The report, released by the Office of the Director of National Intelligence, comes as the Justice Department and Congress have launched inves-

tigations into the violent breach of the Capitol that left five dead, including a police officer. Authorities have said right-wing extremists and militia groups played key roles in instigating and organizing the attack.

The intelligence community's report did not reveal much new about domestic extremists, but it represents the government's most authoritative assessment of the threat to help guide policy decisions. It defined domestic violent extremists as people operating in the U.S. without direction or inspiration from foreign terrorist networks.

The report said the main threat was posed by domestic extremists motivated by enduring "biases against minority populations and perceived

government overreach," echoing alarms raised by federal law enforcement officials in recent months.

In October, the Department of Homeland Security raised a similar alarm, saying domestic extremists posed "the most persistent and lethal threat in the homeland."

FBI Director Christopher A. Wray testified early this month that battling domestic terrorism was a top bureau priority. The number of the FBI's

domestic terrorism investigations has doubled to 2,000 since September. Arrests on charges related to domestic terrorism have also jumped by nearly 70% to 180 in the most recent fiscal year.

"The problem of domestic terrorism has been metastasizing across the country for a long time now," Wray told the Senate Judiciary Committee on March 2, "and it's not going away anytime soon."

A dozen Republicans voted against Congressional Gold Medals for police who protected them

The GOP lawmakers ... said they objected to the use of the term "insurrectionists" in the resolution.

WASHINGTON (The Washington Post) — A dozen House Republicans voted against a resolution to award three Congressional Gold Medals to the Capitol Police, the D.C. police and the Smithsonian Institution in recognition of those who protected the U.S. Capitol when it was attacked by supporters of then-President Donald Trump on Jan. 6.

The GOP lawmakers, who said they objected to the use of the term "insurrectionists" in the resolution, are: Andy Biggs of Arizona, Thomas Massie of Kentucky, Andy Harris of Maryland, Lance Gooden of Texas, Matt Gaetz of Florida, Marjorie Taylor Greene of Georgia, Louie Gohmert of Texas, Michael Cloud of Texas, Andrew Clyde of Georgia, Greg Steube of Florida, Bob Good of Virginia and John Rose of Tennessee.

"We had to combine it with these editorial comments about the January 6 sequence of events, and then we had to logroll it with this exhibit at the Smithsonian, and ... that was a little

much for me," Gaetz said after the vote. Massie also objected to the use of the word "temple," saying it was "a little too sacrilegious for me."

The resolution states: "On January 6, 2021, a mob of insurrectionists forced its way into the U.S. Capitol building and congressional office buildings and engaged in acts of vandalism, looting, and violently attacked Capitol Police officers."

It also says: "The desecration of the U.S. Capitol, which is the temple of our American Democracy, and the violence targeting Congress are horrors that will forever stain our Nation's history."

US restores assistance for Palestinians

By Matt Spetalnick
and Stephen Farrell
Reuters

WASHINGTON/JERUSALEM - The Biden administration announced on Wednesday it would provide \$235 million in U.S. aid to the Palestinians, restarting funding for the United Nations agency supporting refugees and restoring other assistance cut off by then-President Donald Trump.

The package, including humanitarian, economic and development assistance, was detailed by U.S. Secretary of State Antony Blinken as part of an effort to repair American ties with the Palestinians that all but collapsed during Trump's tenure.

It marked Democratic President Joe Biden's most significant move since taking office on Jan. 20 to make good on his promise to roll back some parts of his Republican predecessor's

approach that Palestinians denounced as heavily biased in favor of Israel.

The plan calls for \$150 million through the United Nations Relief and Works Agency, \$75 million in U.S. economic and development assistance and \$10 million for peace-building programs, Blinken said in a statement.

Biden's aides have also signaled that they want to re-establish the goal of a negotiated two-state solution as a priority in U.S. policy on the Israeli-Palestinian conflict.

But any further major steps are likely to wait for the dust to clear after Israel's inconclusive March election, which will be followed by Palestinian elections scheduled in coming months.

The Trump administration blocked nearly all aid after it severed ties with the Palestinian Authority in 2018. The move was widely seen as an attempt to force the Palestinians to negotiate

with Israel on terms the Palestinian leadership branded as an effort to deny them a viable state.

The cuts came after Palestinian leaders decided to boycott the Trump administration's peace efforts over its decision to recognize Jerusalem as the capital of Israel and move the U.S. embassy there from Tel Aviv, upending decades of American policy.

This included rescinding funding for UNRWA, which provides aid and relief services to around 5.7 million registered Palestinian refugees in the occupied West Bank, Gaza Strip and across the Middle East.

"The United States is pleased to announce that, working with Congress, we plan to restart U.S. economic, development, and humanitarian assistance for the Palestinian people," Blinken said.

Palestinian President Mahmoud Abbas's office welcomed Biden's

commitment to a two-state solution as well as the renewed aid. And Prime Minister Mohammed Shtayyeh wrote on Twitter: "We call upon the American administration to create a new political path that meets the rights and aspirations of the Palestinian people."

But Gilad Erdan, Israel's ambassador to the United States and the United Nations, criticized the renewal of funding to UNRWA, saying that it allowed anti-Israel incitement and anti-Semitic activity in its facilities.

"We believe that this U.N. agency for so-called refugees should not exist in its current format," he said in a video posted on Twitter.

He said that in conversations with the State Department he had "expressed my disappointment and objection to the decision to renew UNRWA's funding" without first ensuring that reforms were carried out.

NOTICE FOR PUBLIC COMMENT

Annual PHA Plan (FY2022), Capital Fund Program Five-Year Action Plan (2021-2025)
Significant Amendment to the CFP 5-Year Action Plan (2020-2024)

and the Revision to the Admissions and Continued Occupancy Policy

(This ad is paid for by the Public Housing, Section 8 Housing Choice Voucher and Capital Fund Programs)

The Guam Housing and Urban Renewal Authority (GHURA) is seeking public comment(s) on the Authority's Annual PHA Plan (FY2022) and Capital Fund Program (CFP) Five-Year Action Plan (2021-2025) for the Public Housing, Section 8 Housing Choice Voucher and Capital Fund Programs. The Annual Plan details GHURA's proposed goals and objectives and the CFP Five-Year Action Plan outlines Public Housing capital improvements. GHURA is also seeking public comment on the Substantial Amendment to the CFP Five Year Action Plan (2020-2024) and the Revision to the Admissions and Continued Occupancy Policy (ACOP). Copies of the Plans and the ACOP are available for public review at the following locations, Monday through Friday from 8 a.m. to 5 p.m. (except on holidays).

- GHURA's Main Office: 117 Bienvenida Avenue, Sinajana
- GHURA's Site Based Offices:
 - o AMP1, Central Site Base, #23 Paquito Street, Toto Gardens
 - o AMP2, Southeast Site Base, #10 JC Rojas Street, Yona
 - o AMP3, Southwest Site Base, Pagachao Drive, Agat
 - o AMP4, Northern Site Base, Doni Lane, Toto Gardens
- Guma Trankillidat Management Office, Tumon
- GHURA's website, www.ghura.org

The CFP Five Year Plan (2020-2024) included the Drainage Correction project at Toto, GHURA 250 AMP4 Site. The necessary Substantial Amendment to the Five Year Plan is to adjust the change in the scope of work and the additional funding necessary to cover the change. GHURA is seeking public comment regarding the Substantial Amendment.

If you require additional information please contact Ms. Katherine E. Taitano, Chief Planner, at 475-1322. Any person(s) agencies, or organizations wishing to comment on any of the Plans are encouraged to do so by submitting a written statement to GHURA during its regular business hours of operation, beginning March 19, 2021 through May 6, 2021. Written and/or oral comments(s) may also be submitted via facsimile at 300-7565; or email to katherine@ghura.org, or through the U.S. Postal Service to GHURA's Main Office at the address stated above.

A Public Hearing is also scheduled for 10:00 a.m. May 6, 2021. Due to restriction on public meetings and social distancing resulting from the COVID-19 crisis, the meeting will be held via Zoom. Individuals wishing to submit oral or written comments are invited to attend. If you wish to attend please contact Alvina Castro, at 475-1401 or via email at alvina@ghura.org no later than May 3, 2021. Your information will be needed in order to send the Zoom invite to attend the meeting. GHURA will make necessary arrangements for persons with disabilities. If you require special accommodations, please contact the Section 504 Coordinator, Katherine E. Taitano, at 475-1322 or 472-3701 (TTY/TDD).

GOP launches cultural attack on Biden's plan for day care, education and employee leave

By Mike DeBonis
The Washington Post

WASHINGTON - It's not just the price tag.

Days after President Joe Biden rolled out his American Families Plan - a sprawling \$1.8 trillion proposal to expand federal investment in child care, higher education, employee leave and more - Republicans have, alongside their deep fiscal misgivings, launched a broad social critique of the plan.

Key GOP voices are accusing Biden of engaging in a stealth attempt to reshape American life, trying to reframe their opposition to the plan away from dollars and cents toward the culture-war terrain on which they have recently been much more politically successful.

Senate Minority Leader Mitch McCo-

“Three-year-old pre-K, they’re going to mandate this. Two years of college, whether you like it or not. These are the things that take away choices from the American people. It favors those who want power and control over every single minute of your day. It is disgusting.”

- Sen. Marsha Blackburn, R-Tenn.

nell, R-Ky., on Thursday responded to Biden’s pitch, made in a joint address to Congress, by declaring that the new administration “wants to jack up taxes in order to nudge families toward the kinds of jobs Democrats want them to have, in the kinds of industries Democrats want to exist, with the kinds of cars

Democrats want them to drive, using the kinds of child-care arrangements that Democrats want them to pursue.”

That echoed a message sketched out immediately after Biden’s speech by Sen. Tim Scott, R-S.C., who gave the nationally televised GOP response and accused Democrats of wanting “to put Washington even more in the middle of your life, from the cradle to college,” and other Republicans followed suit.

“I think there’s a lot of lefty social engineering paid for by mortgaging the future of my children and my grandchildren,” said Sen. Josh Hawley, R-Mo. “It’s doubling down on the same old solutions on the left and just throwing more money at it.”

No legislation has been written to implement Biden’s proposals, and congressional Democrats are likely to finesse and amend them as they work through the legislative process in the coming months. But nothing in Biden’s blueprint would mandate that Americans attend free community college, drive electric cars or put their children in prekindergarten.

That has made the early GOP attacks especially mind-boggling for Democrats, who responded this week by arguing that they show Republicans are out of touch with the needs of most American families, especially as the country emerges from the ravages of the covid pandemic.

“I think they’re just flailing,” said Sen. Ron Wyden, D-Ore., who will play a key role in refining Biden’s proposals as chairman of the Senate Finance Committee and said his party’s aim was “to create options for families that will help us be more productive and create more high-skill, high-wage jobs.”

Sen. Bernie Sanders, I-Vt., the Budget Committee chairman, called the Republican attacks “way out of touch with common sense and where the American people are at.”

“No one is going to be coerced into anything,” he said. “But a mom or a dad who is going to work in order to provide for the family wants to know that their kids are in quality, affordable child care that exists in almost every other major country on Earth. We’ve got to do the

The Biden child-care proposal - which would establish universal pre-K for 3- and 4-year-olds and also subsidize child care for low- and middle-income families - emerged as a special lightning rod for conservatives.

Sen. Marsha Blackburn, R-Tenn., set the tone in a Fox Business Network interview Wednesday, hours after Biden released his plan, where she argued the proposals would “incentivize women to rely on the federal government to organize their lives.”

“Three-year-old pre-K, they’re going to mandate this. Two years of college, whether you like it or not. These are the things that take away choices from the American people,” she said. “It favors those who want power and control over every single minute of your day. It is disgusting.”

Later, as Biden gave his address, Blackburn tweeted a link to a 1974 New York Times story about the prevalence of affordable child care in the Soviet Union, adding: “You know who else liked universal day care.”

Some of the critiques on the right have been even more biting. J.D. Vance, a best-selling author and investor who is considering a Senate run in Ohio, said in a Thursday appearance on Tucker Carlson’s Fox News Channel program that Biden’s universal pre-K proposal was about favoring the “preferences of our ruling-class elites” over those of average Americans.

“They want strangers to raise their kids, but middle-class Americans, whatever their station in life, they want more time with their children,” he said.

Carlson interjected with further mockery of the plan, which Biden has billed as helping to improve children’s lives: “I love how they call it preschool like it’s an education initiative. It’s day care, let’s just say it out loud.”

Numerous studies, however, support Biden’s claims about the benefits of early-childhood education. Lenore Palladino, an economics professor at the University of Massachusetts Amherst, said the emerging Republican case against subsidizing child care ignores the economic realities of modern America: Not only do both parents want to work in many households, but for many more it is simply not a choice.

“I think sometimes policymakers, or people like myself who have more economic stability and are in professional settings, forget the deep reality that most families in this country need at this point two working partners to make a go of it, to be able to have a little bit of breathing room,” Palladino said. “We need a system that enables us to not be individually trying to scramble and figure out the best circumstances

PHA Certifications of Compliance with the PHA Plan and Related Regulations including Required Civil Rights Certifications

Acting on behalf of the Board of Commissioners of the Public Housing Agency (PHA) listed below, as its Chairman or other authorized PHA official if there is no Board of Commissioners, I approve the submission of the 5-Year and/or X Annual PHA Plan for the PHA fiscal year beginning October 1, 2021, hereinafter referred to as "the Plan", of which this document is a part and make the following certifications and agreements with the Department of Housing and Urban Development (HUD) in connection with the submission of the Plan and implementation thereof:

1. The Plan is consistent with the applicable comprehensive housing affordability strategy (or any plan incorporating such strategy) for the jurisdiction in which the PHA is located.
2. The Plan contains a certification by the appropriate State or local officials that the Plan is consistent with the applicable Consolidated Plan, which includes a certification that requires the preparation of an Analysis of Impediments to Fair Housing Choice, for the PHA's jurisdiction and a description of the manner in which the PHA Plan is consistent with the applicable Consolidated Plan.
3. The PHA has established a Resident Advisory Board or Boards, the membership of which represents the residents assisted by the PHA, consulted with this Resident Advisory Board or Boards in developing the Plan, including any changes or revisions to the policies and programs identified in the Plan before they were implemented, and considered the recommendations of the RAB (24 CFR 903.13). The PHA has included in the Plan submission a copy of the recommendations made by the Resident Advisory Board or Boards and a description of the manner in which the Plan addresses these recommendations.
4. The PHA made the proposed Plan and all information relevant to the public hearing available for public inspection at least 45 days before the hearing, published a notice that a hearing would be held and conducted a hearing to discuss the Plan and invited public comment.
5. The PHA certifies that it will carry out the Plan in conformity with Title VI of the Civil Rights Act of 1964, the Fair Housing Act, section 504 of the Rehabilitation Act of 1973, and title II of the Americans with Disabilities Act of 1990.
6. The PHA will affirmatively further fair housing by examining their programs or proposed programs, identifying any impediments to fair housing choice within those programs, addressing those impediments in a reasonable fashion in view of the resources available and work with local jurisdictions to implement any of the jurisdiction's initiatives to affirmatively further fair housing that require the PHA's involvement and by maintaining records reflecting these analyses and actions.
7. For PHA Plans that includes a policy for site based waiting lists:
 - The PHA regularly submits required data to HUD's 50058 PIC/IMS Module in an accurate, complete and timely manner (as specified in PIH Notice 2010-25);
 - The system of site-based waiting lists provides for full disclosure to each applicant in the selection of the development in which to reside, including basic information about available sites; and an estimate of the period of time the applicant would likely have to wait to be admitted to units of different sizes and types at each site;
 - Adoption of a site-based waiting list would not violate any court order or settlement agreement or be inconsistent with a pending complaint brought by HUD;
 - The PHA shall take reasonable measures to assure that such a waiting list is consistent with affirmatively furthering fair housing;
 - The PHA provides for review of its site-based waiting list policy to determine if it is consistent with civil rights laws and certifications, as specified in 24 CFR part 903.7(c)(1).
8. The PHA will comply with the prohibitions against discrimination on the basis of age pursuant to the Age Discrimination Act of 1975.
9. The PHA will comply with the Architectural Barriers Act of 1968 and 24 CFR Part 41, Policies and Procedures for the Enforcement of Standards and Requirements for Accessibility by the Physically Handicapped.
10. The PHA will comply with the requirements of section 3 of the Housing and Urban Development Act of 1968, Employment Opportunities for Low-or Very-Low Income Persons, and with its implementing regulation at 24 CFR Part 135.
11. The PHA will comply with acquisition and relocation requirements of the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970 and implementing regulations at 49 CFR Part 24 as applicable.

12. The PHA will take appropriate affirmative action to award contracts to minority and women's business enterprises under 24 CFR 5.105(a).
13. The PHA will provide the responsible entity or HUD any documentation that the responsible entity or HUD needs to carry out its review under the National Environmental Policy Act and other related authorities in accordance with 24 CFR Part 58 or Part 50, respectively.
14. With respect to public housing the PHA will comply with Davis-Bacon or HUD determined wage rate requirements under Section 12 of the United States Housing Act of 1937 and the Contract Work Hours and Safety Standards Act.
15. The PHA will keep records in accordance with 24 CFR 85.20 and facilitate an effective audit to determine compliance with program requirements.
16. The PHA will comply with the Lead-Based Paint Poisoning Prevention Act, the Residential Lead-Based Paint Hazard Reduction Act of 1992, and 24 CFR Part 35.
17. The PHA will comply with the policies, guidelines, and requirements of OMB Circular No. A-87 (Cost Principles for State, Local and Indian Tribal Governments), 2 CFR Part 225, and 24 CFR Part 85 (Administrative Requirements for Grants and Cooperative Agreements to State, Local and Federally Recognized Indian Tribal Governments).
18. The PHA will undertake only activities and programs covered by the Plan in a manner consistent with its Plan and will utilize covered grant funds only for activities that are approvable under the regulations and included in its Plan.
19. All attachments to the Plan have been and will continue to be available at all times and all locations that the PHA Plan is available for public inspection. All required supporting documents have been made available for public inspection along with the Plan and additional requirements at the primary business office of the PHA and at all other times and locations identified by the PHA in its PHA Plan and will continue to be made available at least at the primary business office of the PHA.
22. The PHA certifies that it is in compliance with applicable Federal statutory and regulatory requirements, including the Declaration of Trust(s).
