IFB-GHURA-24-14 GPD Eastern Substation, Talofofu, Guam Response to Inquiries No. 1

This Addendum and Response to Request for Information (RFI) is issued to modify the previously issued bid documents and/or given for informational purposes and to the extent the responses below modify the bid documents, please treat them as an amendment to the Bid. The following responses are in response to RFIs received from potential bidders on October 29, 2024.

REF:	QUESTION/ INQUIRY AS SUBMITTED:	GHURA RESPONSE:
Questions from October 29, 2024		
1.	Currently, we are preparing a bid for the Guam Police Station ITB, and we would appreciate your guidance on whether ECC's U.S.-based project experience can be applied in our bid submissions for this project. Clarification on this matter would be invaluable as we finalize our proposal.	Your U.S.-based project experience meets the basic requirements; however, the relevance of specific projects will be carefully noted during the evaluation. To strengthen your evaluation score, it would be advantageous to highlight more projects within your portfolio that involve federally funded, brick-and-mortar facilities. Emphasis on public safety-related projects, particularly those involving physical infrastructure, will further align your experience with the requirements.

Bidders are also notified to visit GHURA website: www.ghura.org to ensure that addenda to the bid, answers to questions, and reminders are communicated to all bidders throughout the solicitation process.
