FY2019 Continuum of Care Competition Consolidated Application and Project Listing

Sinajaña, GU (September 26, 2019) – Under the guidance of the Guam Housing and Urban Renewal Authority (GHURA) as the Collaborative Applicant, the Guam Homeless Coalition (GHC) has completed the Consolidated Application and reviewed and ranked project applications for the FY2019 Continuum of Care (CoC) Program.

The U.S. Department of Housing and Urban Development (HUD) allocated \$1,136,986.00 of grant funds to prevent and end homelessness on Guam. The GHC, comprises government agencies, non-profits, and faith-based organizations, has formed the Review and Ranking Committee (RRC) to review all project proposals submitted to the CoC.

Five project renewals were submitted for review and ranking which are the following:

1. Gai Animas DV Bonus - assist and provide housing and support service for victims of domestic violence.
2. Homeless Management Information System – shared human services database that allows authorized personnel at homeless shelters and social service providers to enter, track, and report on information concerning homeless clients.
3. Coordinated Entry System (CES) - provides a process for conducting comprehensive entries of housing and services needs for individuals and families.
4. Guma Manhoben – assist and provide housing and support services for homeless youth ages 16-24.
5. Housing First Rental Assistance Program – tenant based rental assistance program with provision of support services.
6. Y' Jahame Permanent Housing Program – permanent supportive housing for chronic homeless individuals and families.
7. Inayek Choice – provide housing and support services to persons with disabilities who are victims of domestic violence.

Included in the list of funding request is GHURA's request for planning funds to conduct monitoring, HUD compliance and other related activities for the oversight of all projects funded through the CoC.

For more information about GHURA or the ranking of the projects, visit www.ghura.org.
